Overall Comment on planning	- Your sub-aim should have been a second main aim, Somaia. In the IELTS, usually we have two main aims: one related to the sub-skills and the other to the exam tasks. - Please make sure that your procedures are accurately written under the correct stage name. - In procedures, we do not write our aims, we write what we will do. - Please remember that your LPs reflect the quality of your English; employers will not hire someone with LPs full of inaccuracies. Proofreading is dramatically important.
